LifeBridge Health Outpatient Rehabilitation

Levindale Hebrew Geriatric Center and Hospital • Edward A. Myerberg Center
Harry and Jeanette Weinberg Center for Aging in Community

The safety of our clients and staff is of utmost important to us.

For the safety of our patient and staff, we have the following safety measures in place:

1. Coming in at the appointed time. You may need to wait in your car if you arrive earlier than your appointment time.
2. Masks are required for all staff and patients. In addition, Face shields are required for staff.
3. COVID 19 symptoms: Everyone will be screened upon entering the facility.
4. Equipment will be cleaned before and after every patient use.
5. Clients will be allocated with 1-hour blocks.

Separate Check in and Check out Areas:

1. Hand Sanitizer use upon arrival
2. Symptom screening done (Thermal scanner and questions: Have you had any cough, SOB, fever in the last 14 days?)
3. Masks provided if patient doesn't have one.
4. Limited chairs/Spaced 6ft apart

Cleaning Standards:

1. Treatment areas including plinths and equipment – cleaned before and after each patient visit.
2. Main door handles cleaned frequently.
3. All therapist will wash hands before and after each treatment session.
