

PREVIOUS PROMPTS

To everyone: each week I gave 2 prompts, so as we continue, you may go back and write on one of the "other" prompts, if you'd like.

Rosanne, Sheila, and Felicia,

On the Myerberg course page, you will find further instructions for developing each of the above prompts. The George Ella Lyon poem, "I am From" includes both the text of the poem and a video link where you can hear her recite her poem. Think about "where you are from" and write your own poem. The apology poem is based on a William Carlos Williams, which you will also find on that page.
