Dive into the groundbreaking discoveries that reshaped our understanding of the world during the Renaissance! Explore the brilliant minds who revolutionized fields like anatomy, dentistry, chemistry, and physics. Uncover how visionaries such as Galileo, Copernicus, Leonardo da Vinci, Robert Boyle, and Antonie van Leeuwenhoek pushed the boundaries of knowledge and laid the foundation for modern science.

Fees for ONSITE (GOLD \$55, Members \$65, Guests \$80)
VIRTUAL - included with GOLD subscriptions
