In this relaxing and creative class, students will explore the art of mandala painting using acrylic paints and dotting techniques. They will learn how to create symmetrical patterns, combine colors, and use different dot sizes to develop beautiful designs. Students will complete their own decorative mandala artwork, making each piece unique.

All supplies are included! Each student will receive one large canvas panel and one 8-inch round canvas, along with a variety of acrylic paints and paintbrushes to use during class. Students will also get to keep their own mandala tool set, compass, and ruler.
